

# Principles of Computer Science

## Blog Posting Guidelines

### Content:

- 1) This class carries a greater responsibility on your part. You must be willing to share your blog posts and comments with me.
- 2) You should not invite or encourage strangers to view your blog.
- 3) The comments you write should always be things you are willing to say in public.
- 4) Do not have offensive language on your page. Do not post things that harass, degrade, or offend someone else. This means you must respect everyone's race, religion, gender, and culture.
- 5) Pictures and videos that you post to your classroom blog must be approved by me.
- 6) If I deem you have inappropriate content on your site, appropriate disciplinary action will be taken.

### Layout/Format:

- 1) It is up to you to make your page appealing to look at.
- 2) Please be sure to use high contrast colors for backgrounds and text.

### Spelling/Grammar:

- 1) It is my expectation that you will create complete sentences with proper grammar.
- 2) You must spell check each post before you publish it.
- 3) State your post as consisely as possible, don't ramble.

### Frequency of Your Posts:

- 1) You must do at least one post on the last day of each week.

Happy blogging!
